

## ***Thank You!***

There are so many ways to say “thank you” and yet none of them seem quite enough to express all of our gratitude to you. Your support of this ministry has, and will continue to have, far reaching effects. Your generosity has provided many children living in the Chicago inner-city hope. What they will experience at Phantom Ranch Bible Camp (safety, security, new experiences, peaceful rest, and unconditional love, not to mention 3 meals a day) will stay with them for the rest of their lives. In the past, as well as the future, their time at the camp has inspired them to greater heights. Some have attended college and earned a degree. Others have chosen to give back and served at Phantom Ranch. There are those who have returned home to encourage those around them with the hope that is in them.

You may be familiar with the story of the starfish on the shoreline that would die if they were not returned to the sea. There were so many of them that the old man thought it a waste of time to even try to help them. A small boy was seen tossing one at a time back into the sea. When asked, “Why bother? You can’t save them all, so what does it matter?” the boy replied, “It matters to this one!” Although this ministry does not solve the problems of life in the inner-city, it does make a difference to some.

## **Thank you for making a difference!**
